Skype | Social Media | Internet user | Decision-making | Instagram | Facebook | WhatsApp

communication
Organizational and planning skills | Written and Verbal skills

WORK EXPERIENCE

20/12/2023 - 21/06/2025 - ADDIS ABABA, ETHIOPIA

SOFTWARE DEVELOPER MINAB IT SOLUTIONS PLC

Population Census Management System (Laravel 10, MySQL, Bootstrap)

- Designed a role-based population census management system with over 50+ enumerators across 3 regions in Ethiopia
- Implemented authentication with Sanctum by Laravel and role-based permission (Admin, Supervisor, Enumerator)
- Improved data entry efficiency by 40% by streamlining forms and validation rules
- Developed a dynamic task assignment feature with real-time tracking functionality
- Designed an in-depth admin panel with Charts.js to visualize workforce statistics

Real-Time Collaboration Platform(Laravel, WebSockets, Pusher, Alpine.js)

- Built real-time messaging functionality with <500ms message delivery using Laravel Echo and WebSockets
- Implemented file sharing with role-based access control to ensure secure file exchange
- Developed a notification feature with mentions and file upload functionality
- Handled database optimization with 1,000+ concurrent users

Technologies Used: Laravel, MySQL, Redis, Pusher, Git, REST APIs, Blade, Alpine.js

HOBBIES AND INTERESTS

Participating in hackathons

Developing personal programming projects

Engaging in tech meetups and online forums

VOLUNTEERING

13/10/2022 - CURRENT Adama

•

22/06/2024 - CURRENT Ethiopia
Green Legacy Initiative

COMMUNICATION AND INTERPERSONAL SKILLS

Proven ability to lead and motivate teams during academic projects and internships.

Demonstrated cultural adaptability and respect in multicultural environments.

Strong verbal and written communication skills, effectively conveying complex technical concepts to diverse audiences
