21/09/2020 – CURRENT Adama, Ethiopia

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING Adama Science and Technology University (ASTU)

Website <https://www.astu.edu.et/> | **Field of study** Engineering | **Final grade** 3.3 | **Level in EQF** EQF level 6

PROJECTS

08/05/2024 – 20/08/2024

E-commerce Website Development For Internship, Population Census Data Website Development And Design

I contributed my skills in programming, software design, and problem-solving.

I have been eager to delve into new technologies and stay updated on the latest trends in the industry. I spent my time writing code, debugging, and testing to ensure that the software I develop is efficient, reliable, and user-friendly and working on projects that challenge me and push me to think creatively to find innovative solutions.

VOLUNTEERING

13/10/2022 – CURRENT Adama

ASTU charity Club

- Actively contributed to initiatives supporting orphanages and disadvantaged communities in Adama.
- Organized and participated in fundraising events to provide essential supplies and resources for vulnerable groups.
- Coordinated outreach programs to deliver educational materials, clothing, and food to underserved populations.

22/06/2024 – CURRENT Ethiopia

Green Legacy Initiative

Actively participated in a community-driven project aimed at enhancing environmental sustainability through tree planting.

Contributed to the planting and nurturing of trees over a two-weeks period, helping to create green spaces in urban areas.

Collaborated with a diverse team of volunteers, fostering teamwork and communication skills.

Engaged with local communities to raise awareness about the importance of reforestation and environmental conservation.

Developed a deeper understanding of ecological issues and the impact of green initiatives on urban environments.
